### Subpart B—System Diagram

#### § 1152.10 System diagram map.

(a) Each carrier shall prepare a diagram of its rail system on a map, designating all lines in its system by the categories established in paragraph (b) of this section. A Class III carrier shall either prepare the aforementioned map of its rail system or file only a narrative description of its lines that provides all of the information required in this subpart.

(b) All lines in each carrier's rail system shall be separated into the following categories:

(1) All lines or portions of lines which the carrier anticipates will be the subject of an abandonment or discontinuance application to be filed within the 3-year period following the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board;

(2) All lines or portions of lines which are potentially subject to abandonment, defined as those which the carrier has under study and believes may be the subject of a future abandonment

application because of either anticipated operating losses or excessive rehabilitation costs, as compared to potential revenues;

(3) All lines or portions of lines for which an abandonment or discontinuance application is pending before the Board on the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board;

(4) All lines or portions of lines which are being operated under the rail service continuation provisions of 49 U.S.C. 10904 (and former 49 U.S.C. 10905) on the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board; and

(5) All other lines or portions of lines which the carrier owns and operates, directly or indirectly.

(c) The system diagram map shall be color-coded to show the 5 categories of lines as follows:

(1) All state boundary lines;

(2) Boundaries of every county in which is situated a rail line owned or operated by the carrier which is listed in categories 1 thru 4 (§ 1152.10(b)(1) thru (4));

(3) Every Standard Metropolitan Statistical Area (SMSA) any portion of which is located within 5 air miles of a rail line owned or operated by the carrier; and

(4) Every city outside an SMSA which has a population of 5,000 or more persons (according to the latest published United States census reports) and which has any portion located within 5 air miles of a rail line owned or operated by the carrier. A series of interrelated maps may be used where

### **§ 1152.11 Description of lines to accompany the system diagram map or information to be contained in the narrative.**

Each carrier required to file a system diagram map or narrative shall list and describe, separately by category and within each category by state, all lines or portions of lines identified on its system diagram map or to be included in its narrative as falling within categories 1 thru 3 (§1152.10(b)(1) thru (3)) as follows:

### **§ 1152.12 Filing and publication.**

(a) Each carrier required to file a system diagram map or a narrative shall file with the Board three copies of a complete and up-dated color-coded system diagram map or narrative (identified by its "AB number") and the accompanying line descriptions in conformance with the filing and publication requirements of this section. If a revised map or narrative is filed, the line descriptions for the lines which were revised must be filed.

(b) The color-coded system diagram map or narrative, any amendments, and accompanying line descriptions shall be served upon the Governor, the Public Service Commission (or equivalent agency) and the designated state agency of each state within which the carrier operates or owns a line of railroad.

A copy of each newspaper notice published shall be attached to the affidavit. The effective date of the filing of the initial system diagram map or narrative and each amended system diagram map or narrative as required in paragraph (a) of this section shall be deemed to be the date upon which the Board receives the affidavit required in this paragraph.

(e) The Board shall require republication of the notice if it is found to be inadequate.
